#### Outline / Aims & Objectives

This is a bespoke event which can be purely a fun day out, or give space to reflect on team development requirements, through thoughtful reviews and facilitation. Participants will enjoy a range of accessible outdoor activities and experiences, with chance for reflections throughout the day. It can be framed as an inter team competition, with prizes for the best performers, or it can be time for groups to improve their own performance, without the need for competition. Activities can be added or removed, as we know that each event needs to meet your organisational values and objectives, in order to give the best return on investment.

Events that don't cost the Earth

## Event Itinerary

Welcome & introductions - Meet at Bailey's Hard on Beaulieu Estate - Pastries, tea & coffee provided on arrival. Teams to separate into two activity groups, **activities swap over at lunch time**. Although working separately the teams will remain in the vicinity of each other for the majority of the day.

Morning activities - In smaller groups, you'll spend a bit of time with our expert coaches, getting to grips with the art of canoeing. Once familiarised, you'll have no problem getting the most out of the river environment. Specific objectives will enable us to qualify this experience and award points to the teams based on their performance. Once this is completed the teams get to explore the wonderful Beaulieu River nature reserve. With challenges to keep you on your toes, we'll ensure you have a great time as you make your way up or downstream. The teams performing best at the challenges will receive the most points towards their totals.

Lunch options – A lunch time stop with chance to reflect and share stories. Can be with either of our associate River based Hotels or a packed lunch on the green.

Afternoon activities – Whilst half the team enjoy the river canoeing, the other half of the group enjoy an exploration of the river side area and footpaths. A number of team tasks are on offer, to keep everyone involved in some creative thinking and practical working. We can keep tabs and score for success, or just provide some valuable feedback to help assist with the team's performance.

These activities are designed to fit within your overall objectives for the day. We can tailor these challenges, based on the type of experiences you'd like and benefits you'll derive from them.

Review / End of day– We offer a flexible approach to our event summary based on your objectives.

**Cost: £75 + VAT per person**

**Additional costs: Consider catering, transport arrangements, additional drinks and overnight accommodation or conferencing facilities. We can help, just give us a call!**
